

VMax

Enhances the User Experience

Reimagine the next generation of hand dryers with the one that did it all first. VMax dries two seconds faster than the competition, yet it's just as quiet. It features a 25-percent wider drying cavity and vertical hands-in design to elevate the user experience. The smart HEPA filter system includes antimicrobial technology and an LED display, indicating when it's time to empty the water tray and change the HEPA filter. It's a low maintenance solution for you and your employees and a highly hygienic hand dryer for users.

- 25% wider drying cavity creates a more comfortable user experience
- Surface-mounted ADA compliance ensures suitable pathway
- HEPA filtration and antimicrobial technology enhance sanitation
- Dedicated reservoir collects residual water to prevent wet floor hazards
- LED display signals when filter should be changed for easy, sanitary maintenance
- Quiet operation performs at a lower sound level than comparable models
